

S. Janeway Street Replacement

The City of Moore proposes street reconstruction of S. Janeway Avenue from SW 17th Street to SW 10th Street and Dreessen Drive from SW 12th street south by approximately 150 feet in Moore, Oklahoma, Cleveland County. The proposed project site is located within AE Zone, area of special flood hazard with water surface elevations determined, as indicated on Flood Insurance Rate Map (FIRM). The work consists of the reconstruction of Janeway Avenue and the construction of Dreessen Drive. The reconstruction of Janeway will consist of the removal of current roadway, curb, and gutter and the construction of a new roadway, curb, and gutter. The reconstruction will be South Janeway Avenue from SW 17th Street to SW 10th Street, including Janeway Circle. The construction of Dreessen Drive will consist of the installation of the roadway, curb, and gutter. The section of Dreessen Drive to be constructed is approximately 150 feet just south of SW 12th Street. The reconstruction of the intersection of SW 12th Street and Dreessen Drive will also be reconstructed. The reconstruction for the intersection will include the demolition of the current roadway, curb, and gutter.

The construction will take place outside of the horizontal limits of the 100 year floodplain where roadways are currently located.

The FEMA firm map and the National Wetlands Inventory map is attached.

--

This map complies with FEMA's standards for the use of digital flood maps if it is not void as described below. The basemap shown complies with FEMA's basemap accuracy standards.

The flood hazard information is derived directly from the authoritative NFHL web services provided by FEMA. This map was exported on 3/27/2020 at 5:29:06 PM and does not reflect changes or amendments subsequent to this date and time. The NFHL and effective information may change or become superseded by new data over time.

This map image is void if the one or more of the following map elements do not appear: basemap imagery, flood zone labels, legend, scale bar, map creation date, community identifiers, FIRMette panel number, and FIRMette effective date. Map images for unmapped and unmapped areas cannot be used for regulatory purposes.
